FISCAL IMPACT - Small Business

Small businesses which are insurance companies could be affected by this proposal.

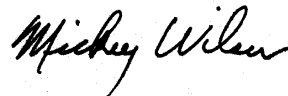

DESCRIPTION

This proposal allows life insurance companies to use their most recent annual statement of assets and capital in their filings with the Department of Insurance regarding their investments and the assets and capital supporting those investments. Current law requires the insurer to use the statement for the year preceding the year in which the investment was made.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
